Dear Mrs Manley:

I was sorry to hear Mr. Kelly missed you at Chicago. But I will be very glad to see you after the meeting in New York if I do not get over Mr. Kelly will be there and I hope at your convenience we can show you our line there. Please let me know what day and what time and if we have to we can see you in Newark. I am glad you are giving us the chance to quote you and I know we will take care of your equipment as we have in the past. If you will please write and I will see you at New York or Newark at your convenience. Hope to hear from you in regard to this matter.

Very Truly Yours
Ed. Taylor
